CREATIVITY UNFOLDED

RETHINK YOUR CONSUMER EXPERIENCE WITH THE BRAND NEW DREAMOC HD

The Dreamoc™ HD is a unique 3D Display that provides a dazzling combination of holographic projection and a physical product. The combination of something physical and the 3D holographic video gives you an outstanding tool for promoting your products in an exceptional and impressive way.

The Dreamoc™ 3D Display from Real-fiction has already proven its groundbreaking capability for making “Stop and Wonder” effect in retail shops,

airports, at exhibitions or any other place where consumer attention is wanted. Now we have improved the Dreamoc™ Display with stunning new features, making it even more impressive. We call it the Dreamoc™ HD. Amongst others the facelift includes slimmer and more elegant design, full HD resolution, built-in sound and adjustable LED light.
